

Tentative Schedule for Physics 241.01 and 241.02 Fall 2012 R.1

labs	Lab Dates
TBA	Th & F: August 23, August 24
Lab 01: Forces & Force Tables	Th & F: August 30, August 31
Lab 02: Motion in 1 and 2 dimensions	Th & F: September 06, September 07
Class Test 1 (phy210,phy240)	Friday September 14
Lab 03: Inclined Planes & Friction	Th & F: September 13, September 14
Lab 04: Atwood's Machine, Mechanical Advantage, Work and Energy	Th & F: September 20, September 21
TBA	Th & F: September 27, September 28
Lab 05: Centripetal Force and Hooke's Law	Th & F: October 04, October 05
Class Test 2 (phy210,phy240)	Wednesday October 10
Fall Break	October 11-October 14
Lab 06: Static Equilibrium	Th & F: October 18, October 19
Lab 07: Simple Harmonic Oscillation	Th & F: October 25, October 26
Lab 08: Standing Waves and Vibrations	Th & F: November 01, November 02
Class test 3 (phy210,phy240)	Friday November 09
*Lab09: Archimedes' Principle and Pressure	Th & F: November 08, November 09
Lab 10: Thermodynamics	Th & F: November 15, November 16
Class test 4 (phy210,phys240)	Friday November 30
TBA	Th & F: November 29, November 30
TBA	Th & F: December 07, December 08
